ISSUE No. 16

LABOUR IN DESPERATE COURT BID TO BULLY N.F. BEFORE ELECTION

NATIONAL FRONT
53, Greencroft Towers
Felling, Gateshead 10

THE GOVERNMENT IS TRYING TO KILL THIS PAPER. OFFICERS OF SCOTLAND YARD'S RACE RELATIONS SQUAD CALLED AT THE HOME OF NF NEWS EDITOR MARTIN WEBSTER ON THURSDAY, 19TH OCTOBER AND SERVED ON HIM TWO RACE RELATIONS ACT SUMMONSES WHICH ALLEGE THAT ISSUES 13 AND 14 OF THIS PAPER WERE AN "INCITEMENT TO HATRED".

During the following two weeks further Race Act summonses were served on four other National Front patriots:

- 1) Mrs. Helena Steven, a housewife and mother of one young child. She was the NF candidate in the Lambeth Central (Brixton) Parliamentary by-election on 20th April, 1978.
- 2) Mr. Desmond Fenwick, a London bookseller. He was Mrs. Steven's Election Agent.
- 3) Mr. Paul Chynoweth, a 19 year old Manchester University student from Shrewsbury, Shropshire. He is the Manchester Organiser of the YNF Student Organisation.
- 4) Mr. Stephen Smith, a 20 year old youth worker, now unemployed. He is the lead drummer of the Manchester NF Drum Corps.

Mrs. Steven and Mr. Fenwick are being prosecuted for the election literature issued during the by-election in Brixton.

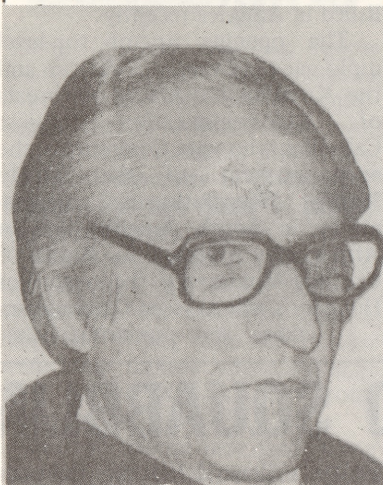

BLACK GANGS

A keynote of Mrs. Steven's campaign was a demand for action against the mainly Black gangs of muggers whose activities have made Brixton so notorious.

The summonses against Mr. Chynoweth and Mr. Smith relate to their distribution outside schools in the Stockport, Gtr. Manchester, area of YNF leaflets which discussed the impact of multi-racialism on schools.

Who would have thought a few years ago that a British Government would feel it necessary to drag

THE BULLY

Attorney General Sam Silkin

before the Courts a newspaper Editor, a housewife, a small businessman, a university student and an unemployed youngster simply for expressing poignant criticism of the social outcome of Government policy?

These tyrannous and malicious prosecutions will be vigorously contested.

All the defendants have rejected Government pressure to be tried quickly and quietly at a Magistrates Court. All have elected for trial by jury at a Crown Court.

Prosecutions under this section of the Race Relations Act can only be made with the permission of the Attorney General. The office of Attorney General is a Government

appointment. The man who holds the job now is Mr. Sam Silkin, MP — an active Zionist.

Advance news of Mr. Silkin's intention to authorise the prosecution of NF News Editor Martin Webster was given exclusively to *Tribune*. *Tribune* is the weekly paper of Labour's Marxists and Left Wing Zionists. *Tribune* Group MP's are prominent on the Steering Committee of the 'Anti Nazi League'.

T.U.C. PRESSURE

Massive pressure has been exerted by the TUC on the Government to use Court action to hit at the NF, by means of highly publicised debates and resolutions at the TUC Annual Conference and deputations to the Home Office.

One of the Police officers who called on Mr. Fenwick admitted:

"It seems the Attorney General is determined to get a conviction against the National Front under the Race Act before the General Election."

That remark gives the clue to the political malice which has prompted these prosecutions.

With Labour and Conservative parties still level pegging in the opinion polls, and with the NF's election record of winning two "Labour" votes for each "Conservative" vote, Labour is frantically worried about the NF's intention to try and nominate 300 candidates at the General Election.

GOVERNMENT BULLYING

Fear of the NF caused Labour to form an alliance with the boot boys of the Socialist Workers' Party to set up the 'Anti Nazi League' in November, 1977.

Labour hoped that the NF

would become demoralised and disorganised under the ANAL assault of smear propaganda and mob violence and would be in no position by the time the General Election came to put up hundreds of candidates.

The ANAL campaign was organised to climax in September of this year — a month before the long expected October General Election. Climax turned to anticlimax when Prime Minister James Callaghan announced that there would be no election in 1977.

Concurrent with this the NF showed that it was far from "smashed" when NF Properties Ltd.

opened up the £100,000 Excalibur House and the party staged a 3,000 strong anti-Communist march through London.

With the ANAL gang having failed to murder the NF and with the Government still having to face the prospect of a General Election with up to 300 NF candidates in the field, the Labour tyrants have resorted to the crude bludgeon of Court action to try and scare our party from the hustings.

Whatever the Courts' verdicts may be this campaign of Government bullying will fail. It will fail because we refuse to be intimidated. Help us to help Truth prevail!

"It's Ours!"

EXCALIBUR HOUSE 73 GT. EASTERN ST., LONDON E.C.2.

"IT'S OURS!" That was the proud shout of 3,000 National Front members when they marched down Great Eastern Street on 24th September and saw for the first time Excalibur House, the building purchased by NF Properties Ltd.

The howls and wails of our enemies were to no avail. Hackney Council's planning officer has acknowledged that the building is being used entirely within planning regulations.

The administration floor is now complete — but the building is huge and a further £16,000 worth of work must be completed if it is to realise its full potential.

We urge all NF NEWS readers to make a special effort to donate as much and as quickly as they can. The opening of Excalibur House has astonished our enemies. Help us give them a few more shocks! Please give NOW. Thank you!

No. 16 DECEMBER 1978

A HEAVEN SENT OPPORTUNITY

PRIME Minister James Callaghan's decision not to call a General Election for October has been decisive for the National Front. 1978 has been a difficult year — not mainly because of the 'Anti Nazi League', but because during this year (which was expected to end with a General Election) the party had to strain all its financial resources to enable NF Properties to secure Excalibur House.

It was a battle against time to secure that building as a distribution base before the Court Order evicting us from our base at Teddington became enforced — and before an election was called!

Excalibur House opened in mid-September (barely in

time had there been an October election) and with the party's financial and consequently organisational resources at a low ebb. We needed time: to re-organise the party at central, regional and branch levels . . . and to **RAISE MONEY**.

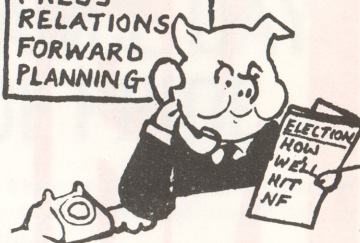

Hey presto! Callaghan granted us our wish!

It is essential that we *use* the extra few months to raise and direct large sums of money into political work. It is essential that we rebuild and remotive units that are not functioning effectively. Everybody in the NF must assist with these tasks energetically and without sentimentality. Make 1979 a great year for the NF!

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful — only "racial hatred".

BANKERS, NOT WORKERS, CREATE INFLATION

POOR Mr. Callaghan! Now he finds his pay policy opposed both from the right and the left. Not only did his own party conference reject the 5 per cent pay guidelines, the Conservative leadership has also.

The policy was introduced as a means of combatting inflation but in fact it has scarcely any relevance whatever to inflation.

Inflation does not occur because certain groups of workers get pay increases; it only occurs when the government fails to regulate the money supply properly in accordance with the national product.

And this money supply can never be properly regulated as long as money is created by the banks as an interest-bearing debt instead of by the government debt-free.

The Heath Government, and the Wilson Government after it, expanded the money supply by a huge orgy of borrowing from the banks. The result? Inflation went up to 26 per cent.

Under Callaghan this inflation rate has come down to about 8 per cent. Callaghan and his supporters claim this proves the success of his pay policy but it does nothing of the sort.

All it means is that bank lending has been reduced and there is less money about!

Meanwhile the worker, with his wage increases limited to 5 per cent, is no better off but in fact worse off. He still sees his wage packet representing less and less purchasing

power.

But what do Callaghan's opponents in his own party and the Tory Party offer as an alternative?

Labour's left says scrap wage controls. How then will they deal with the huge demands for wage increases? Why, by increasing the borrowing rate again! Thus the banks will create more money as an interest-bearing debt and inflation will rocket upwards once more. The wage increase will be worthless.

The Tories will limit this bank lending and thereby make money scarce. At the same time they talk about linking wage increases to

'productivity deals'. They neglect to say how production can be stimulated if the economy is starved of money.

There is only one way to stop inflation and maintain and increase living standards by producing more wealth. This is the National Front way.

(1) Take the power of money creation out of the bankers' hands and restore it to government.

(2) Let the government create money debt-free and pump it into the economy at the rate at which the people create more wealth.

This way the element of *interest payable to the banks*, which is the real factor causing inflation, will disappear and the people will be able to gain the full benefits of the wealth they produce.

Controls on wages won't stop inflation — but controls on bankers and foreign imports will!

Has the Vatican done a deal with the Kremlin?

ROMAN Catholic anti-Communists must have a very strong faith indeed if they believe that "the Gates of Hell" have not been prevailing against their Church ever since the election of John 23rd as Pope in succession to the devoutly anti-Communist Pius 12th.

This message comes over strongly in a new book *The Vatican-Moscow*

Pope Paul warmly welcomed Soviet Foreign Minister Gromyko to Vatican.

Alliance by Avro Manhattan, published in America recently.

The opening up of top-level diplomacy between the Vatican and the Kremlin; the lifting of threats of excommunication against Catholics who vote Communist; the encouragement of the openly Marxist "Revolutionary" organisations in South America and in Africa; the ordering to Rome of Cardinal Mindszenty, the symbol of Hungary's will to resist Communism . . . these and numerous other

instances are detailed. They reveal a sinister trend.

Some commentators contend that the Church is simply doing what it has always done: adjusting its position so as to survive as an institution in a world increasingly influenced by Marxist ideas and populated by Black, Brown and Yellow people.

Manhattan claims the trend is the product of infiltration and subversion within the highest Vatican circles perpetrated by awakened 'sleeper' agents loyal to communism and not to the Mystical Body of

The first Black RC Bishop in Africa Maurice Otunga of Tocache.

Christ, who were planted in the Church at the same time that the likes of Kim Philby and Victor Sorge began their careers.

'ANTI-NAZI LEAGUE' CRUMBLES INTO SQUABBLING FARCE

LABOUR created the 'Anti Nazi League' (ANAL) for the sole purpose of destroying the National Front before the General Election.

But ANAL, despite top-level political, financial and media patronage, has failed to murder the NF and has become an embarrassment to its patrons.

ANAL was created in November 1977 to do one job: to disrupt and demoralise the National Front so that by the time the expected

October 1978 General Election arrived the NF would be unable to nominate anywhere near its target of 300 candidates.

The activities engaged in by ANAL — violent demonstrations, intimidation of individuals, propagations calculated to incite violence — are fundamentally unlawful.

A campaign using such activities can only be (a) effective and (b) tolerated by the Authorities, if it can achieve a quick kill.

Thus the calling of an October General Election was the vital element in ANAL's strategy. Consequently the biggest blow struck against ANAL was struck by Premier James Callaghan who made the shock announcement in September that there would be no election this year!

This announcement was made too late for ANAL to cancel highly pre-publicised meetings which, had there been an election, they hoped would signal the *coup de grace* against the National Front: the sabotaging of NF election broadcasts.

But in the anti-climax atmosphere following Callaghan's announcement ANAL's unlawful and possibly criminal proposals were subjected to intensive public scrutiny. The

The anti-NF "Media Vicar", Rev. Brandon Jackson, Provost of Bradford, publicly denounced the 'Anti-Nazi League' as "subversive and evil" on 27th September.

essentially subversive approach of the 'Anti Nazi League' became clear for all to see.

Immediately after ANAL's "Pull the Plugs!" fiasco, the NF opened up Excalibur House and then held on 24th September its biggest political demonstration in three years, proving beyond doubt that ANAL had failed to carry out Labour's murder 'contract' on the NF.

With at least four months to go

before a General Election the continued existence of ANAL could only lead to yet more desperate acts of violence, criminality and subversion.

Thus the Establishment figures who had instigated ANAL had now to denounce it so as to preserve their 'respectability'.

A stealthy creeping away of Establishment figures from ANAL turned to a veritable stampede during November once copies of the new booklet *Lifting the lid off the 'Anti Nazi League'* began to circulate widely.

ANAL continues to exist — but only as a Marxist hooligans' rump!

NF News Nightmare File

HUMAN FLESH was chopped up after being kept on top of a fridge in Bhajan Ram Ginda's butcher's shop, Stafford Crown Court was told in November. The jury heard that Ginda had murdered his wife and cut up her body into large joints which were then stored on top of the fridge where meat "unfit for sale" was kept. Ginda then asked his assistant to chop up the joints into smaller portions. The boy testified that the joints "were not like any other meat he had handled and seemed to be very fresh."

A 3 FOOT SNAKE was brandished by a Pakistani in Oldham, Lancs. last October when he attacked two young women late at night. Said victim Sharon Chatschenko: "All of a sudden he jumped out from a garden. He was shouting and swearing and calling us 'White bastards'. Then he wrapped this snake round my neck." The Pakistani then threw the snake into the other girl's fish and chip supper, slashed her face with a broken bottle, retrieved the snake and ran off.

"GLAZED EYES and a trance-like condition" was the description of a Sikh woman just before she hanged herself from the bannisters, a Birmingham inquest heard in August. The woman, who had previously tried to strangle herself with a head scarf, had acted strangely and had gone into a total trance ever since changing to a new Sikh temple.

POISONOUS SEWAGE carrying typhoid was thought to have contaminated water flown from India for a Hindu festival at Harrow (N.W. London), Leisure Centre last August. The water, brought to Britain in more than 1,000 copper pots, came from a tributary of the Ganges suspected as the source of a typhoid outbreak in New Delhi. The river itself is worshipped by Hindus.

INDECENT EXPOSURE complaints from three girls brought Police Constable MacRitchie to a parked car in Stepney, East London, Thames Magistrates Court were told in September. The constable found West Indian Brian Wright sitting in the car with a razor in his hand and his trousers round his ankles. On being accused of masturbating himself Wright retorted: "Black guys don't do that! I've been living here - I can't help it if people keep looking in!"

A SCREWDRIIVER STABBING was how Moslems settled an argument with Sikhs at a "cultural evening" for Punjabi speakers in Slough, magistrates heard in September. A row over a song led to the brawl and stabbing, described by magistrate Mrs. Ethel Scott-Picton as "a regrettable incident".

SO FILTHY was Jomshid Ali's New Curry Restaurant in Willesden, W. London, that onions were found growing in a two-inch layer of food debris and dirt, local Magistrates were told in October. Pressing charges in respect of 16 breaches of hygiene laws, Brent Council officials told of sewage from a blocked drain within six inches of stored food.

A BUDDHIST MONK broke his chastity vows and raped a 24 year old woman at knife point, Gravesend Crown Court, Kent, was told in November. The woman woke up at her student hostel to find Buddhi Vajira standing over her with a knife and demanding sexual intercourse. "He was raving, absolutely mad," the girl told the court. The monk was jailed for six months.

SEX OFFENCES against a 13 year old boy were the reasons why Pakistani Mohammed Shaffi faced deportation in September. Shaffi told an Appeals Tribunal that he would be "killed instantly" if he was deported to Pakistan, but the tribunal dismissed the appeal saying that Shaffi was a confessed liar, a sex criminal and an illegal immigrant.

WHITE PROSTITUTE Elsie Johnson, accused before Brighton Magistrates of shoplifting, told the court in her defence that she stole in order to save money to protect her half-caste children from "racism". She said: "I want to save enough money to send my children abroad where the horrors of racism do not arise." Her Jamaican husband explained: "Her sole object in life is to provide for her children in case racism, National Front and all the other evil influences increase in volume and intensity." Disbelieving magistrates fined her £100. Mrs. Johnson later said from her spacious home: "I'll never stop being a prostitute. I love the work."

CEREMONIAL SWORDS caused uproar at Birmingham Crown Court recently when a family of Sikhs refused to remove them from their waists before entering the courtroom. "The blade is very small and it is not sharp," said one of the Sikhs. A court official commented: "We only deal with civil cases so we do not normally take things - like armaments - off people."

GUILTY VERDICTS ON MUGGERS PROVE WE WERE RIGHT TO MARCH AT LEWISHAM!

"BLOODY SATURDAY" was the description the world's press gave to Saturday, 13th August, 1977 - the day thousands of Communists and Immigrants rioted in Lewisham, S.E. London, in order to try and stop a National Front "March against the Muggers!"

Even though the rioting started a full hour before the National Front parade formed up, the press and politicians of all the pro-Immigrant parties have tried to blame the National Front for the disturbances.

The facts are that on 30th May, 1977, the Police arrested a vicious gang of Black muggers who became known as the "Lewisham 24". The Socialist Workers' Party immediately championed the muggers. During June and July they held a series of demonstrations proclaiming: "The Police are the real muggers!"

It was against this background of Communist support for the Black criminals that the NF held its anti-mugging march on 13th August. Not that you would know this from Press and TV accounts of "Bloody

Saturday". The media liars worked overtime to portray the NF march as "an act of unjustified racialist provocation!"

Media liars were able to get away with this for a year, for it took that time for the mugging gang to be tried and convicted at the Old Bailey.

All the arrested youths were convicted of a conspiracy to perpetrate muggings in the New Cross area of Lewisham - mostly against White women waiting at bus stops.

One of the gang ringleaders,

Beresford Baker, 19, was described as "arrogant". Another, Colin Jackson, 18, was said to have "shown a knowledge and sophistication of crime that Police found quite staggering." Nearly all the gangsters had a string of previous convictions.

Police gathered their evidence by means of special cameras. When it

became clear that all the muggers under observation were Black, a top-level Police conference was called.

The shocking facts which emerged from the trial of the thugs fully vindicate the National Front's decision to march and call attention to the plight of White people in Lewisham.

Communists and Immigrants riot in support of Black mugging gang in Lewisham on Saturday, 13th August 1977.

"A RAPE A DAY IN LONDON" - POLICE

RAPE is an increasingly frightening aspect of the crime scene in multi-racial Britain. As London Weekend Television's *London Programme* revealed last year, Immigrants commit rape crimes out of all proportion to their numbers in London's population.

On 1st September, 1978, the *Evening News* published the shocking headline: "A rape a day in London." With the story was a Police 'identikit' picture of a Black man - one of two who perpetrated a rape on a 29 year old woman in South Kensington.

The report also referred to the gang rape of a 92 year old Dalston woman - but did not mention that at least two of her assailants were West Indians as did other papers.

On 4th September the *Evening News* described the raping by two teenage West Indian youths of a 26 year old house mother employed at a Brent Borough Council children's home.

The London rape case that has stirred the greatest outrage this year was the sexual assault and torture of a 13 year old White schoolgirl by three West Indian males aged 17, 18 and 19 and two West Indian females aged 14 and 15.

The White child was lured to a derelict building. Her assailants stripped her naked, beat her with a belt and an iron bar, kicked her, trampled on her face and burned her hair off. Then they spreadeagled her on the floor and subjected her to "a revolting and terrible sex assault with a milk bottle."

Despite her continual screams of

pain and cries for her mother, her assailants laughed and encouraged each other to further acts of cruelty.

The Judge in the case, Mr. Justice King Hamilton, warned White people not to take the law into their own hands and seek revenge.

London is not the only city experiencing alarming rape incidents. The *Daily Telegraph* of 5th August described Nottingham as "Shame City".

The report detailed the rape of two girls, one a West Indian, one White, by a gang of eight West Indian youths who dragged the girls into some empty garages in the Hyson Green district.

During July the Hyson Green Tenants' Association summoned local residents to a public meeting to discuss their problems. One young housewife never made it to the

meeting. She was raped on the way.

Not all rapes perpetrated by Immigrants should be attributed to West Indians. The Asian community also contributes to the rape statistics.

Two Asians from Wolverhampton were jailed in October for two years for abducting at sword point (!) a 27 year old married woman with the intention of having unlawful sexual intercourse with her. This offence was committed while they were on bail for abducting and indecently assaulting an 18 year old girl.

In America, where rape is a scourge, community relations 'experts' explain the desire on the part of many Black males to rape White women in terms of "revenge for the cultural, economic and political oppression of Black people by White society."

"Schoolgirls" + Nude Black Men = Multi-Racial 'Fun'

WHILE ordinary working people struggle to protect their children from the growing tide of multi-racial squalor, violence and rape, wealthy multi-racialists plumb new depths of depravity in the hope of finding some new thrill to titillate their jaded senses.

It is nothing new for the decadent upper classes of decaying civilisations to languidly peruse unclothed young men and women performing 'dances' which are little more than excuses for erotic exhibitionism.

But the special new treat being provided for bored jet-set thrill-seekers in Britain today is multi-racial voyeurism!

This is being provided by Hot Gossip, a much-publicised 'dance' troupe, in which all the females are White and all the males Black.

On TV and in publicity photos the Negroes wear trousers. But for the delectation of the multi-racial elite who can afford to go to posh nightclubs, they wear only "posing pouches".

Founder of the troupe is Arlene Phillips, who is married to a fashion designer and lives - you've guessed it! - in Hampstead.

The troupe's 'dance' act is described as "a fetishist's jukebox with schoolgirls and sado-masochism."

Can we expect a 'ballet' based on the sexual torture of the 13 year old White schoolgirl in Brixton as the next example of avant-garde multi-racial culture?

'IDENTIKIT' PICS ENDANGER RACE RELATIONS!

RACE relations workers are reeling from the shock of an horrific blunder by the Metropolitan Police which could seriously damage community relations in West London and increase the alienation of Black youth.

The Police have wilfully issued 'identikit' pictures of the two youths who are alleged suspects in the murder of Acton, West London, newsagent Mr. Reginald Evison in November...

The pictures issued by the Police make it plain that the suspects are

both Black!

(We publish the pictures so that our readers can see for themselves the extent of Scotland Yard's community relations ineptitude!)

As if anxious to provide horror

propaganda for racist publications, Scotland Yard also issued a photograph of the 14 inch knife which was plunged into the victim!

Some experts believe that the issue of such material by the Police can only have the effect, bearing in mind all the circumstances, of stirring up racial hatred in a manner forbidden by the Race Relations Act!

We ask NF News readers to write letters of complaint about this to: The Director of Public Prosecutions, 4-12 Queen Anne's Gate, London S.W.1. Do it NOW!

FRONTLINE ACTION

SURBITON, Surrey: A gang of Socialist Workers' Party thugs from Wandsworth acted as 'Anti Nazi League' "stewards" at an ANAL meeting at Surbiton Assembly Rooms on November 1. They thought they were in for a bit of easy fun when they recognised and began to attack two local 17 year old YNF members who sought entry to the "public meeting". A shout of "Stewards to the door!" brought out of the hall a large number of robust male persons who, though all wearing ANAL badges, had not all been appointed as stewards! For some while all that could be heard was a succession of grunts, thuds, muffled screams and the tinkle of breaking glass. After a nasty silence Wandsworth SWP/ANAL Organiser and main speaker Ms. Jenny Weinstein ventured downstairs and was amazed to find her official stewards in postures which indicated some considerable degree of discomfort!

CARDIFF, South Wales: When residents in the Rumney suburb of Cardiff opened letters from the BBC during October they not only found a leaflet explaining new radio wavelengths but also a National Front leaflet dealing with Communist infiltration of the Civil Service. Disclaiming all knowledge of the clandestine operation, South Wales NF Press Officer Mr. Colin Gibbon told the press: "Groups of our supporters are using every possible means of putting across our message because we are being denied other means of doing so."

RUGBY, Warwick: Mr. Alan Gresham, the NF prospective Parliamentary candidate for Rugby, delivers fine rousing speeches. Being an efficient candidate he sends his local paper, the *Rugby Advertiser*, selections from his speeches. The *Rugby Advertiser*, wishing to serve its readership sometimes publishes what Mr. Gresham has to say. As a result, the paper has been bitterly attacked by 'Anti Nazi League' Press Spokesman Peter Hain. He "advised" the Editor either to ignore or attack the NF - but never to report what it said. In an Editorial Hain was described as "noisy, intolerant, ranting, bullying." The NF was described as "a legal body" whose views would be reported "as we think fit."

IPSWICH, Suffolk: About 24 'Anti Nazi League' demonstrators (including NF spies!) held a pitiful demonstration outside Radio Orwell on October 26 as Mr. Paul Robinson, NF prospective Parliamentary candidate for Ipswich, was guest in a phone-in programme called *Talking Point*: Local Trades Council bigot Mr. Harry Fawcett declared that the NF had no right to freedom of speech as it spread "racial hatred". A Radio Orwell statement pointed out: "We have to provide facilities for all those who are going to rule our country - or who have aspirations to do so. Since the NF in Ipswich have put up a Parliamentary candidate they fall into that category and we would be less than fair if we didn't offer them a platform when we give all other prospective Parliamentary candidates a platform."

HEMEL HEMPSTEAD, Herts: Once again hundreds of Hertfordshire Police had to mobilise in Hemel Hempstead to prevent disorders by 'Anti Nazi League' demonstrators outside an NF meeting. On 2nd November NF Chairman John Tyndall spoke at The Pavilion in support of tanker driver Mr. Terry Walters who was adopted at the meeting as the NF prospective Parliamentary candidate for Hemel Hempstead. The scenes of orderly enthusiasm inside the hall contrasted with an air of despondency in the ANAL demonstration - the smallest so far seen in the town. Only one token rush at the door of the hall was made by a few dozen yobbos.

LETCHEWORTH, Herts: Desperate to try and win support for the 'Anti Nazi League' and the Socialist Workers' Party, ANAL/SWP activist Martin Lodge of Station Way, Letchworth wrote to a man who had written a Left Wing letter to a local paper threatening him in the name of the mysterious neo-Nazi organisation "Column 88". Police traced the threatening letter back to Lodge, and on September 30 he was convicted at Letchworth Magistrates Court of threatening to destroy a house and also of being carried as a passenger in a car taken without the owner's consent. He was sentenced to two concurrent four-month prison sentences, suspended for two years. Police did not proceed with a charge of carrying an offensive weapon, a meat cleaver. The possibility that this cynical 'dirty trick' operation is connected with the recent daubing of swastikas and "Column 88" slogans in a Jewish cemetery in Golders Green two months ago is being investigated by the NF Research Department... and probably the Police also.

FOLKESTONE, Kent: A determined bid by Kent 'Anti Nazi League' to invade and smash up an NF meeting at Folkestone Town Hall in September, called by Folkestone NF Branch to adopt Mr. Mark Lavine as its prospective Parliamentary candidate, failed. After ANAL disrupters were ejected, the meeting continued with supporting speeches from Mr. Kevin Randall (YNF Secretariat), and Mr. David Smith, Kent Regional Organiser. An horrific tirade of lies and smears written by a coterie of young Leftist reporters appeared in the *South Kent Gazette*. Strong representations to the Editor of the paper by Reed-Herbert, Gegan & Co., the NF's Solicitors, caused a retraction to be published, which caused the Leftist hacks to go on strike.

BLAISE ABLAZE IN BRENT

BLAISE WYNDHAM, 85, Chairman of Brent NF Branch and a member of the NF Directorate, is a fighter. In response to the refusal of Brent Council to grant the NF meeting hall facilities granted to all other parties, he convened an NF meeting on the Town Hall steps on October 18, shaming Councillors as they entered the building. Later he led NF members inside where they heckled the Council meeting to a halt.

Anti-terror Demo

KENT Methodist leader Rev. Godfrey Johns is booed on his way into a British Council of Churches meeting on "racism" at Deal on November 21. Local NF candidate Mr. Nigel Cousins denounced 'Christian' aid to Marxist terrorists in Africa.

NF NEWS SELLING IN EDINBURGH

NF NEWS sales teams appeared all over Edinburgh's City Centre when the 'Anti Nazi League' held an anti-NF shuffle there. "If the NF show - we'll blow them from the face of the earth," boasted the ANAL windbags. NF members organised by Mike Regan, called the Reds' bluff to good effect. The sight of the Marxist filth stimulated a great demand for NF literature from passers-by.

OVERSEAS SUBSCRIBERS WELCOMED

THOUSANDS JOIN OUR REMEMBRANCE DAY MARCH OF PRIDE

NATIONAL FRONT members have been parading to The Cenotaph, Whitehall, every Remembrance Sunday since 1968. Each parade has been bigger than the parade held the year before.

This year's parade was no exception. Indeed for the first time the Police asked the stewards to form the column up in rows of six (we usually march in rows of four) - yet it still stretched from Westminster Abbey back to the assembly point near Victoria Station!

Leading the thousands of marchers was the Flag Party - dozens of Union Jack flags fluttering proudly with the flags of Canada, Australia, New Zealand, South Africa and Rhodesia.

Behind the flags was the Manchester NF Drum Corps, and behind them the Wreath-Laying Party: Wing Commander Peter Lewis Wittam (a founder of the RAF Regiment); Commander Andrew Fountaine (RN Retd.), Deputy-Chairman of the NF; Captain Kenneth McKilliam, MA, a Church of England Lay Reader (who conducted the non-denominational Christian service at The Cenotaph); and Mr. John Tyndall, NF Chairman.

Following them were hundreds of male and female veterans and war widows, many with impressive rows of

glinting medals.

And behind them came the thousands of NF members and supporters. They ignored the obscene ravings of a few hundred 'Anti Nazi League' demonstrators (who somehow got mixed up with a bakery workers' picket outside Central Hall).

Pressmen, absorbed by the antics of the 'Anti Nazis', failed to give attention to the latest pitiful gimmick from Scotland Yard's Race Relations 'tacticians': the placing of one of London's tiny handful of Negro constables at the head of the NF column!

After the moving ceremony at The Cenotaph in Whitehall, the column moved to Festival Gardens on the South Embankment where 'Wingco' Lewis Wittam (pictured bottom right); Cmdr. Fountaine and Mr. Tyndall (pictured bottom left) addressed a large rally.

NF National Activities Organiser Martin Webster made an appeal for funds which raised more than £1,400 - a record for an outdoor NF meeting.

'LILLEYWHITES' WIN UNANIMOUSLY

AN ATTEMPT by 'Anti Nazi League' thugs and "community relations workers" to persuade the Hyde Sunday League to expel the 'Lilleywhites' - a team of Young National Front members from the Manchester area - has failed.

At a special meeting of the League in October a demand from Mr. Archie Downie, of the Manchester Council for Community Relations, that the YNF team be drummed out of the League was rejected unanimously by delegates of 64 clubs. Downie's demand was later described

as "an unwarrantable interference and a threat to democracy" by Mr. Vic Knowles, Secretary of the Trafford Sports Council.

Prior to this YNF victory ANAL mobs had tried to stop matches by pitch invasions, assaults on referees, players and spectators - and by wrecking the YNF team's mobile changing room.

These lads' courage deserves encouragement. Send donations to: Mr. Frank Dawber, 42 Slateacre Road, Hyde, Cheshire.

WELCOME, ROSEMARY!

A NATIONAL Front has been inaugurated in Australia thanks to the initiative of Miss Rosemary Sisson - and despite a frenzied media smear campaign. Helping is Mr. Pat Leyman, a former Organiser of Wandsworth Branch, South London. Miss Sisson is visiting Britain during December and will be meeting national and local officials. An interview with Miss Sisson will feature in our next issue.
